

“This was a GREAT class—in all my years I have never seen anything like this. WOW!”

George Wade RN, Training Center Coordinator, Medical City Dallas Hospital, Dallas, TX
Dallas CRS Attendee

Physio-Control invites you to attend:

A Cardiac Resuscitation Symposium

Improving In-Hospital Cardiac Arrest Outcomes

Featuring Keynote Speaker: Dana P. Edelson, MD, MS, FAHA, FHM
Assistant Professor, Section of Hospital Medicine
Medical Director, Rescue Care & Resiliency

Cardiac arrest is one of the most lethal health problems in the United States, with a median hospital survival rate from adult cardiac arrest of just 18%.

With patient survival being linked to high-performance CPR, join us to learn how you can improve CPR performance and survival rates.

There will be a number of exciting sessions including:

- Measure-improve-re-measure:
Cardiac Arrest Analytics
- Improving Outcomes Across the System
- Improving CPR Quality Inside and Outside the Hospital

Please RSVP to <http://www.mcwevents.com/Nashville>

When: Thursday, May 14, 2015, 7:30 a.m.–4:30 p.m.

Where: Frist Center for the Visual Arts, Auditorium, First Floor
919 Broadway, Nashville, TN 37203

Who Should Attend? Resuscitation champions, Code Blue team leaders and responders, resuscitation quality improvement members, rapid response team members, ED and ICU nurses and ACLS instructors

Cost to Register: \$75.00, includes continental breakfast, lunch and CEs

If you are unable to attend and would like to be notified of future events please click here: <http://mcwevents.com/NashvilleUnable>
